 - Application of sealants to the grooves of the teeth.

 - The replacement of missing teeth with a dental prosthesis (crown, partials, etc.).
 - Extraction (removal) of one or more teeth that cannot be saved.
 - Treatment of diseased or injured oral tissues (hard and/or soft).

The treatment has been explained to me. I understand that none of the above procedures will be performed without discussing the necessity with me and obtaining my consent to proceed. I am advised that good results are expected; however, the possibility and nature of complications cannot be accurately anticipated. Therefore, no guarantee, expressed or implied, can be given to me regarding this treatment. I further understand and authorize the doctor to perform any necessary treatment that in his/her judgment will be in the best interest of my or my child's health, once treatment has been initiated.

3. Although their occurrence is rare and unpredictable, some risks are known to be associated with dental or oral surgery procedures, medication and/or anesthetics. We are required to disclose the known risks of numbness, infection, aspiration (swallowing), swelling, bleeding, discoloration, nausea, vomiting, allergic reaction, the loss of function of organs, and scarring.
